Sergeant Roy Waters of the sheriff's department in Truckee, who directed the searching operations, said a group of skindivers and other searchers abandoned the hunt Saturday night due to the muddy and high water which prevented them from continuing.

Miss Reinsch was presumed to have drowned after the light car she was driving went off Interstate 80 and plunged 100 feet into the river, three miles west of the state line.

Longo Asks Aid In Scenic Road Plan

Francis Longo, local representative on the Nevada County Planning Commission, at Monday's meeting strongly urged the commission's support in having old Highway 40 from west of Soda Springs to Truckee included in the state scenic highway system.

The action was taken after Planning Director William Roberts submitted a resolution that seeks the state's assistance in establishing Highway 20 from Nevada City to the intersection with Interstate 80 as a portion of the scenic system. If the resolution is adopted by the board of supervisors and accepted by the division of highways, a study will be made of the proposal.

For years, or since the opening of I-80, the Truckee-Donner Chamber of Commerce as well as numerous other local and state organizations and individuals have attempted to have old Highway 40, one of the most historic and scenic routes in the state, included in the scenic system.

Longo in making a plea for the commission's support, pointed out the fact that this pioneer section of highway, a route used by the earliest pioneers in California and one of the most beautiful, is deserving of highest priority in selecting scenic routes.

Fibreboard Shows Plan For New Ski Area On Mt. Pluto

As anonunced previously in the Sierra Sun, Fibreboard Corporation last Friday at a meeting of the Placer County Planning Commission at Tahoe City revealed plans for development of a $3.5 million ski complex on Mt. Pluto in the northwest portion of its land holdings in the Tahoe area.

At the same time, spokesmen for the corporation asked that its holding be unclassified until a specific development proposal can be presented to the commission.

The winter sports project would be a focal point of a 25,000-acre development planned by Fibreboard, 38 per cent of which would lie in the basin near North Lake Tahoe.

Placer County Planning Director Fred Barber said that he hoped he could have recommendations ready by the March 10 meeting of the commission which will be held in the University of California Alumni Building at Tahoe City.

Fibreboard's plan, as outlined at the meeting, calls for 36 subplanning areas to take advantage of the terrain, access and capabilities with the area. It is planned as a year around recreation center. The area for the ski development was studied by Willie Schaeffler, who headed the ski operations and development at Squaw Valley for the 1960 Winter Olympics.

Fibreboard based its development upon the growth attributed to skiing and the Nevada gambling and said resulting density of dwelling units would be about two acres for each residence.

Report Progress On Boat Ramp

Progress on the efforts to obtain a small area of land near the west end of Donner Lake for the installation of a $50,000 boat ramp to be financed through the state was reported by Dr. H. P. Tapia, superintendent of the Truckee-Donner Recreation and Park District at the last meeting of the board.

Dr. Tapia advised the board that state agencies as well as county officers are working out legal details but that nothing of a definite nature has resulted thus far.

The superintendent also reported that the winter recreation program is progressing well and that possible dry ski lessons will be included.

A resolution was adopted which permits entering into a contract with Mrs. Doris Lohr for the purchase of her playground equipment at Kings Beach formerly used in a child care operation.

The park and playground south of Truckee has been closed for the winter, Dr. Tapia informed the board. The next meeting will be held January 5.

For the second time Monday night, the Nevada County Planning Commission denied an application from John R. and Mary A. Wolert for the erection and maintenance of a 7-unit motel on the north side of River Avenue West, south of the Truckee river.

The application was denied at a meeting October 10 and Wolert appealed to the board of supervisors. The board referred the matter back to the planning commission for further evidence.

Francis Longo, Truckee member of the board, was disqualified from voting, but indicated that he was vigorously opposed to the decision of the board in rejecting the applicaton.

In other action, the board approved tentative maps of the Donner Lake Tract consisting of 54 lots north of Donner Lake and 117 lots in Prosser Lakeview Estates on State Route 89, north of Truckee. It approved the final map of Deerfield Properties Resubdivision near Donner Lake.

Chain Installers Face Restrictions In New Ordinance

An ordinance, printed in its entirety on another page of the Sierra Sun today, was passed by the Nevada County Board of Sueprvisors which provides rigid restrictions for persons engaging in installing or removing tire chains for hire within the boundaries of the county.

In the first place the ordinance provides that any person thus employed must obtain a permit from the sheriff's office and in event the work is to be done on a state highway, a permit must be obtained from the division of highways.

The sheriff shall photograph and fingerprint the applicant upon prepayment of a fee of $5 which shall be deposited by the sheriff into the county treasury. This permit expires June 30 of the fiscal year in which it was issued.

The fee does not apply to any veteran honorably discharged from the armed forces of the United States.

Violation of the ordinance is punishable by a fine of not more than $100 or by imprisonment in the county jail not to exceed 30 days or both such fine and imprisonment.

The ordinance was passed as an emergency and shall take effect immediately upon passage. It was passed by a unanimous vote of the board.

The state recently adopted strict rules for chain installers providing they must have a permit, post the cost of their service and other provisions to protect the driving public from unscrupulous practices which have prevailed in some instances during past years. The ordinance and state rules are designed to provide protection for both legitimate operators and the public.

DONNER DOINGS

BY MARCELLA CORRO

These next weeks seem to be full of Christmas parties and important events, so it seems I can't find anyone at home for news.

The schools will be closed this Friday for two weeks vacation. With all our sunny weather, all the children will take off to the ski slopes.

* * *

We are sorry to hear Bruce King fell while skiing Sunday at Sugar Bowl and tore a muscle in his arm. He will be sporting a sling and ace bandage for a while. Hurry and get well, Bruce, all your friends will miss you up there.

The Truckee Fire-ettes enjoyed their Christmas party last Saturday eve at Cozzi's. The tables were decorated with Christmas trees and candles. Nearly 35 members and guests attended. A tasty buffet was served later in the evening. The hostesses were Connie Kammerer, Roberta Schell and Karen Zirbel.

* * *

Did you notice Ed Magnay's beautiful white sailboat on Donner Lake Sunday? There was barely enough breeze and what a picture with the snow clad mountain in the background and sailing so gracefully.

* * *

The Donner Lake Community Club will hold their Christmas party for the ladies and firemen tonight at the Donner Lake Lodge. The group will join in singing Christmas carols after a buffet is served. Cocktails at 7 p.m. Bring a guest and join the fun!

The first Far West Association race at Sugar Bowl was held Sunday with 20 skiers participating in the Marth slalom which was held on the new Christmas Tree slope.

Local young skiers of the Sugar Bowl team who raced were Virginia Stroeble, Debbie Wurst, Jeannie King, Paul Wurst, Holley Schooley and Steve Schooley. Virginia and Jeannie placed real good in timing but the official results have not been released from San Francisco.

The annual Lions Club Christmas party will be held Saturday night at Donner Lake Lodge.

RAISE IS REQUESTED FOR STATE WORKERS

SACRAMENTO — (CNS) — The state personnel board has recommended to Governor-elect Ronald Reagan that he increase state employe salaries by 5 per cent across the board next July 1, with additional raises for some employes, at a cost of $56,118,000 a year.

The board actually submitted the report to Governor Edmund G. Brown but Reagan will be submitting the budget to the 1967 legislature.

The board emphasized that its recommendations did not include funds that will be needed for special salary adjustments for state employed nurses and employes in related institutional classes, such as psychiatric technicians. During the past six months, substantial increases were granted to nurses in private employment and these increases will have a major impact on related state classes, the board said.

The state employes received a 4 per cent salary increase last July

Several carload lots of hay have been received in Truckee during the past week and are being stored away for winter use.

Mrs. T. J. O'Hanrahan leaves shortly for San Francisco where she will purchase draperies and furnishings for the hotel annex.

The Winter Carnival will start this year on Christmas day according to W. B. Gelatt, general manager. He reports there will be at least 400 visitors in town to spend at least part of the holidays. A number of motion picture companies will be in attendance, as in the past.

At the coming session of the legislature, a bill which will undoubtedly go through will make a state appropriation for the location and building of the road down the Truckee River. Ivan H. Parker, the next assemblyman from this district, will safely guide the bill through the lower house while Thomas H. Ingram from Grass Valley will harbor it in the senate.

S. P. Road Foremen of Engines Keenan and Sturm were here Sunday, having brought the rotary plow in from Roseville, fresh from the shops. The rotary is now equipped with electric lights and has been converted into an oil burner.

SIERRA SKIING

BY VI WHITE

Skiing conditions varied from good to excellent on the slopes last weekend. Some lower runs had granular snow while in the shaded upper levels, powder snow still remained.

* * *

Alpine Meadows was the scene of the fun filled Chartreuse Trophy giant slalom race. Teams of three were made up of eager beavers and times of the forerunners were given. Then, for a unique twist, the racers had to estimate their own time down the course. Those who came close to their estimated time, won.

Almost like a put-up job, Gardner Mein's team had the best times.

Awards were presented at the cocktail party held at Mein's River Ranch later that evening.

A fashion show was held, but the lounge was so crowded that the models walked outside to display their ski and apre-ski outfits. It was a near miss at times when some almost slipped into the river!

The event was honoring the forthcoming 1968 Winter Olympics in Grenoble, France and honored guests were M. Claude Batault, the French Consul General in San Francisco and his wife.

Flaming yellow Chartreuse was dipped from a copper caldron into small tubular souvenior glasses. It's a delicious liqueur made of a closely guarded recipe of 130 herbs known only to the monks at the Monastery at Voiron, France near Grenoble.

Can't wait to attend the olympics!

* * *

The skiing Poulsens did it again. Lance won the Edelweiss Slalom at Mammoth Saturday and his brother Eric skied off with top honors over at Suugar Bowl Sunday in the Marth Slalom.

It won't be long before they'll have to enlarge their trophy room again.

Cheryl Bechdolt of Tahoe City won the girls 12 to 18 event.

Over 150 FWSA Junior racers competed on the Christmas Tree Ridge courses, the first junior events this season.

* * *

Over at Squaw Valley, the recreational skiers were having a great time, but there was a very serious test going on there too.

Ray Gibson, top Ski patrolman, was checking out seven patrolmen who were attempting to pass their senior test.

He had them going through the regular things, but because of the varied terrain at Squaw, they were even belaying rescue toboggans over cliffs, up on KT-22 Mt.

We can be assured that if an accident happens there, Squaw Valley's patrolmen can cope with any situation.

It was a couple of seasons ago that Ray risked his life rescuing a skier from an underground stream.

Two Great Acts Appear at Lodge

CRYSTAL BAY — Visitors to the winter splendors of North Lake Tahoe are enjoying a fast paced two-act bill at Nevada Lodge, North Lake Tahoe's largest year-round resort hotel casino. Both acts, pianist Buddy La Pata and the Bobby Travis Playmates, enter their third spirited week in the Topaz Room, providing continuous entertainment from dusk 'til dawn.

The Playmates are headed by dynamic Bobby Travis, and feature lovely Margie Reis as vocalist. The group's Nevada Lodge stint was preceded by a successful run at Napoleon's club in Miami Beach. Their musical offerings runs the gamut from songs of the sixties to standard Broadway hits and folk tunes — all punctuated by their own fresh brand of wit and humor. The unexpected twist of zany wit is the trademark of the Playmates. John Horrigan on drums and Smith Dobson on piano round out the group.

Buddy La Pata takes the Nevada Lodge spotlight, alternating with Playmates. Backed by sensitive drum accompaniment, he is literally a symphony at the keyboard. His repertoire includes a complete diet of musial goodies to please the conservative gourmet and the contemporary swinger.

Both acts will continue at Nevada Lodge until after Christmas.

December 10th was a special date to Bethel — it was on that day a year ago that Jonathan Charles Van Tassel arrived to parents, Jan and Janene Van Tassel, now of Walnut Creek, formerly Kings Beach, making Bethel a grandmother, and Pieter an uncle. Need it be added that J. C. is extra special, along with his mother and father, but, of course, we are prejudiced!

For the past several years we have wished Theresa Sutton of Incline Village a happy birthday on December 9th because she, Harry Hooper and Fred Baker celebrated at a Women's Club dinner party with mutual birthday cake. Well — Theresa finally corrected an unintentional mistake. Sunday, December 11th, was her birthday and helping her observe it were sister and husband, Jerry and Johnny Rayburn, Bill and Nancy Jones and husband, Tom, at the Sutton home. Birthday blessings on the right date this year!

COSTLY TOY . . . Angela Pinney looks over a gleaming scale model of an American horse-drawn fire engine of 1870, one of a number of rare replicas on sale recently at Christie's in London. The models brought record prices. This one went to a buyer for $8,232.

SCHOOL NEWS

(Continued from Page 2)

We miss John and hope he will soon return.

Seventh Grade, Mr. Barben — This week has been a big hassle All of our play groups have been making scenes. Everything is painted. Each group has made up their own play and they are going to be shown Friday, December 16th.

Some students this week did a scene on our side board. It has the story of Christmas in Spanish and French. Those doing this scene were Charlene Keehn, David Champion, Susan Lewis and Shaun Bryan.

We are now completing France, Spain, Portugal in social studies. We all are doing reports on France. A group of students got together and did a nice board on it. They were Jana Jankowsky, Theresa Vanni, Vicki Whittington and Eddie Conners.

A good board on "Merry Old England" was done by Vicki Whittington, Jeri Sampson and Pam Wightman. We are going to study England after the holidays.

We completed all of our Christmas decorations for the room and tree. We made angels and ornaments out of tin cans and paper cylinders. Our thanks to Garth and Greg Collins for the tree in our room.

Those receiving good grades on our last test on Italy were Shaun Bryan, Charlene Keehn and Pam Wightman.

Merry Christmas from Our Room to Your House.

Eighth Grade, Mr. Antonucci — This week we had a toughy of a history test. It was about early American transportation, Democratic, Republican Era, and the War of 1812. We won't know our scores until after the New Year.

On Thursday the 8th we had a basketball game with Truckee Elementary School. Although the score at halftime was 18 to 5, Truckee's favor, the Tigers fought on to a 26 to 23 defeat. Our major scorers were Marvin Banta, 10 points, Steve Cross, 7 points, John Attardi, 5 points. From Truckee were Kent, 4 points, Singh, 4 points, Wurst, 2 points, Spoor, 4 points, Garcia, 4 points, Osborn, 4 points, Silva, 4 points. Great game, boys!

Our regular reported, "Chatty Patty" (Pat Ely) is sick this week with the mumps — Get well, Pat!

Nick Stone To Ski For United States

By LEE WILDER

If you like to ski, young man, don't be too worried when those greetings arrive from the draft board . . . . it might be just the chance you're waiting for!

This was the story for Nick Stone of Truckeke this week, when his family received word of his selection for the Army's Biathlon Ski Team.

Nick has just completed his army basic training at Fort Lewis, Washington, where he was assigned in October. He expects to be home this weekend for a holiday visit, and will go to Fort Richardson, Alaska, in January for two years of army duty on and off skis.

"We aren't sure whether he may compete in the 1968 Olympics", said his young wife, Linda, who is a veteran skier, and of course very excited about the news. "But we hope he will — and we know he'll be working hard for it."

Nick was one of the young skiers prominent in the Olympics here in 1960, and a fore-runner in the 15 kilometer cross country ski race. He is the son of Nelson Stone, of the forest service staff in Truckee, and himself majored in forestry at Utah U., where he met Linda. She is a member of the staff at Squaw Valley Lodge.
